## NOTES

1. Honorees for the 2009 Columbus Business First 50 were chosen from nominations received by the newspaper and verified by accounting firm RSM McGladrey. Financial information used to compile the rankings, which recognize companies for their growth and performance over the past three years, was kept confidential by RSM McGladrey and were not made available to Columbus Business First or other sponsors of the Fast 50 program. Requirements for consideration:

- Independent, for-profit and privately held business through year-end 2008.
- Average of at least \$1 million in sales for the three most recent fiscal years.
- Based in Central Ohio.
- Three-year operating history.

The companies on the list are ranked in one of several ranges of growth:

- 500 percent or higher
- 200 to 499 percent
- 100 to 199 percent
- 50 to 99 percent
- 30 to 49 percent
- 20 to 29 percent
- 19 percent or lower

RSM McGladrey calculated the sales-growth percentage by subtracting revenue two years ago from current-year revenue, then dividing by the revenue two years ago. The total growth percentage was divided by two to arrive at the average annual sales growth. Numbers are rounded.
